University Master's Degree in Criminal Justice System

DESCRIPTION OF THE PROGRAM

Jurists and criminologists from four Spanish universities, coordinated by the University of Lleida, present this master's degree as a firm commitment to the integral training of future professionals and researchers in the field of the criminal justice system. It aims at transdisciplinary official training in all the disciplines that make up the criminal sciences. This is the only master's degree in Spain in which in-depth analysis is addressed in both legal and empirical disciplines related to the criminal phenomenon.

Degree: Interuniversity Master's Degree in Criminal Justice System
Branch of knowledge: Social and Legal Sciences
Duration: 1 year
60 ECTS credits (part-time students: 12 credits)

TEACHING METHODOLOGY

The degree uses a blended teaching methodology, which includes several face-to-face teaching sessions at the beginning of each semester. After conducting these sessions on the UJI campus (Castellón), the rest of the teaching is developed online. The face-to-face sessions of the optional module can be done remotely by videoconferencing.

Structure of the Masters

1st year (60 credits)

FIRST SEMESTER

Code	Course	Type	Credits
13300	Criminal doctrine and criminal policy	T	7
13301	Crimes against individual and collective legal rights	T	6
13302	Criminal court procedures	T	9
13303	Criminological theories	T	10
13304	Victimology	T	6

SECOND SEMESTER

13305	New corporate criminal law	O	6
13306	Gender violence: legal treatment	O	6
13307	Penal sanctions system	O	6
13308	New challenges and trends of criminology and criminal policy	O	6
13309	Research Work	B	10

CAREER OPPORTUNITIES

The master's degree provides tools to enter professions related to the following areas:

- The formal criminal process (among others, judges, prosecutors, lawyers or forensic psychologists)
- Restorative justice and criminal mediation
- Services and organizations for the care of the victim
- Execution of criminal sanctions (such as criminological lawyers in penitentiary centers or Juvenile centers)
- Researchers in scientific disciplines related to the penal justice system

STUDENT PROFILE

Those interested in this master's degree can come from a wide array of specialties:

- Degree in Law or Criminology
- Other degrees of the social science branch - Psychology, Sociology or Political Science – related tangentially with the study of the criminal justice system
- Professional fields related to the criminal justice system, within the scope of legal professions or technical penitentiary personnel, judicial personnel, police personnel, juvenile centers or teams, or personnel from execution centers.
